

## Extra Parental Acknowledgement Form

Trying out for Extra can be an emotional experience for both players and parents, especially for those players who do not get an invitation. While the region strives to make the tryout experience as rewarding as possible, we are very aware that not receiving an invitation can be a hard experience for both players and parents.

Before signing your child up for the Extra tryouts, we want to make sure you are aware of the following:

- 1) Even if the region holds tryouts for a division, there is no guarantee a team will be formed. The region will only form teams that the evaluators feel can compete at an acceptable level and offer a positive experience for the players.
- 2) Returning Extra players are in no way guaranteed a spot on the next year's roster.
- 3) While the tryout itself can be a beneficial experience, the reality is that roster size is limited, and only 12 players will be invited to join the team.

By signing below, you are stating you have read the above and acknowledge the basic rigors of the Extra tryout process.
